SECTION 00 5200

AGREEMENT BETWEEN OWNER AND CONTRACTOR

THIS AGREEMENT, made and entered into this ____________ day of _________________, 2016;
between Arlington Public Schools through its Purchasing Agent, Virginia (the "Owner") and
_________________________________________________ (the "Contractor"), whose address is _____

In consideration of the mutual stipulations, agreements and covenants contained herein, the parties
hereby agree as follows:

1. **The Project**

   Contractor shall provide all labor, services, equipment and materials necessary and required to
   complete the Work in accordance with the Contract Documents for the following Project:

   **ROOF REPLACEMENT AT THE TAYLOR ELEMENTARY SCHOOL, LOCATED AT 2600 N. STUART STREET, ARLINGTON, VIRGINIA 22207.**

2. **The Contract Documents**

   The following, except for such portions thereof as may be specifically excluded, constitute the
   Contract Documents except for titles, subtitles, headings, running headlines, and tables of contents (all of
   which are used merely for convenience):

   Agreement Between Owner and Contractor
   Notice to Proceed
   General Conditions
   Drawings and Specifications
   Bid Documents and Addenda
   Modifications issued after execution of this Agreement

All provisions required by Law to be included in this Contract or otherwise applicable to this Contract
shall be deemed to be a part of this Contract, whether actually set forth herein or not.

The Contract Documents are complementary and what is called for by one is as binding as if called for by
all. If the Contractor finds a conflict, error, ambiguity or discrepancy in the Contract Documents, he shall
immediately, in writing, call it to the attention of Owner and the Owner’s Representative before
proceeding with the Work affected thereby. The Owner and/or the Owner’s Representative shall
promptly resolve the matter in writing. Work done by the Contractor after he discovered, or reasonably
should have discovered, such conflicts, errors, ambiguities or discrepancies, prior to written resolution
thereof by the Owner, shall be done at the Contractor’s expense and the Contractor shall bear the risk of
any delay arising therefrom or related thereto. Any work that may reasonably be inferred from the
Specifications or Drawings as being required to produce the intended result shall be supplied whether or
not it is specifically called for. Work, materials or equipment described in words which so applied have a
well-known technical or trade meaning shall be deemed to refer to such recognized standards.

The Contractor shall be held to a standard of strict compliance with the requirements of the Contract
Documents in the performance of the Work, for giving Notice of any type to the Owner or to the Owner’s
Representative, and for making any submittal required for any purpose. The Contractor acknowledges and agrees that all time requirements set forth in the Contract Documents for any purpose are of the essence.

3. Definitions

All words and terms shall have the meanings assigned to them in Part 1 of the General Conditions, unless a different meaning is clear from the context.

4. Design And Management Team:

The Project has been designed by Gale Associates Inc., 1122 Kenilworth Drive, Suite 206, Towson, MD 21204-2143 ("Architect"). The Architect have been designated to act as the Owner’s Representative. Unless otherwise expressly stated or directed by Owner, reference in any Contract Document to Owner’s Representative shall mean the Architect.

5. Contract Period

The Work will be completed in accordance with the Contract Documents and will have the following milestone dates:

3. Substantial Completion of the Project – August 31, 2016
4. Final Completion of the Project – September 14, 2016

These dates are subject to adjustments as provided in the Contract Documents.

6. Liquidated Damages

The Owner and the Contractor recognize that time is of the essence in this Agreement and that Owner will suffer damages if Substantial Completion, and thereafter Final Completion, of the Work, or of any individual Phase of the Work for which a Substantial Completion, and if applicable, Final Completion, date with associated Liquidated Damages is established by the Contract Documents, is not complete within the time specified in Paragraph 5 above, plus any extensions thereof allowed in accordance with Part 10 of the General Conditions. The Owner and the Contractor agree that the actual damages to be incurred by the Owner in the event of late completion are not readily ascertainable or capable of estimation at the time of contracting. It is understood and agreed that the Liquidated Damages amount shall not be affected by the Owner’s use or occupancy of, or by the achievement of Substantial Completion or Final Completion of, less than the entirety of the Work to which the Liquidated Damages amount may be applicable. The Contractor hereby waives without condition or limitation any objection that the amount of Liquidated Damages set forth below is void as a penalty or is not reasonably related to actual damages. Without limitation of the foregoing, Contractor also agrees that any deduction of Liquidated Damages from amounts otherwise payable to Contractor shall not constitute improper or wrongful nonpayment of Contractor and Contractor without limitation or condition conclusively waives any claim or cause of action premised in whole or in part on any such deduction of Liquidated Damages. In the event more than one ground for assessment of Liquidated Damages as set forth herein exists concurrently, such grounds shall be deemed to be, and hereby are agreed to be, independent and all applicable Liquidated Damages shall be assessed and deducted cumulatively. In the event that, subsequent to any deduction of Liquidated Damages as authorized herein, a time extension is granted or any determination is made which affects in whole or in part the amount of Liquidated Damages deducted, Contractor acknowledges and agrees that its sole remedy shall be payment by the Owner of the principal amount of Liquidated Damages so determined to be payable to the Contractor plus interest as provided in the Contract Documents. Accordingly, instead of requiring any such proof, the Owner and the
Contractor agree that as Liquidated Damages for delay in achieving timely completion as required by the Contract (but not as a penalty), the Contractor shall pay to the Owner one thousand Dollars ($1,000.00) for each day that expires after the time specified in Paragraph 5 for the Substantial Completion Date, plus any approved time extensions, until Substantial Completion is achieved, and shall pay to Owner five hundred Dollars ($500.00), for each day that expires after the time specified in Paragraph 5 for the Final Completion Date, plus any approved time extension, until Final Completion is achieved.

7. **Contract Sum**

Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents. The Contract Sum is:

In Writing: _____________________________________________________________ Dollars

In Figures: $ ____________.00

Unit prices are as listed in Division 1 Section “Unit Prices” in the Specifications.

8. **Payment Procedures**

   a. Contractor shall submit Application for Payment in accordance with the General Conditions and Applications for Payment will be processed by the Owner’s Representative and Owner as provided in the General Conditions.

   b. Contractor hereby consents to the Owner deducting from amounts otherwise payable to the Contractor and retaining any and all amounts payable to the Owner by the Contractor for any reason stated in the Contract Documents assessed or payable through the date payment is due Contractor from Owner. If the amount payable to the Owner by the Contractor exceeds the amount otherwise payable to Contractor by Owner, Contractor shall make payment thereof to Owner within fourteen (14) days following issuance by Owner of Notice of payment due.

9. **Interest**

   All funds not paid when due as provided by Part 11 of the General Conditions shall bear interest at the rate of 0.5 percent per month.

10. **No Assignments**

    No assignment by either party hereto of any rights interest under any of the Contract Documents will be effective unless in writing signed by the authorized representative of each party; and no assignment will release or discharge the assignor from any responsibility under the Contract Documents. Owner shall be under no obligation to consent to any request by Contractor for approval of an assignment as the Contractor’s obligations are intended not to be assignable.

11. **Governing Law**

    This Agreement and each of the Contract Documents shall be governed and construed in accordance with the laws of the Commonwealth of Virginia without reference to conflict of laws principles. This Contract and the work performed hereunder shall be governed in all respects by the laws of the Commonwealth of Virginia and the jurisdiction, forum, and venue for any litigation with respect thereto shall be in the Circuit Court for Arlington County, Virginia, and in no other court. In performing the Work under this Contract, Contractor shall comply with applicable federal, state, and local laws, ordinances, and regulations.
12. Binding Agreement

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be signed by their duly authorized officers.

The Principal and Surety hereby jointly and severally agree as follows:
1. A claimant is defined as one having a direct contract with the Principal or with a subcontractor of the Principal but who has no contractual relationship, express or implied, with the Principal, for labor, material, or both for use in the performance of the Contract. 2.3 INTENT OF THE CONTRACT DOCUMENTS: The intent of the Contract Documents is to include all items necessary for the proper management, execution and completion of the Work, including without limitation, all labor, materials, equipment and furnishings required in connection therewith. The Contract Documents are complimentary, and what is required by one shall be as binding as if required by all. Any doubt as to whether any work is within the scope of the Contract shall be resolved in favor of an interpretation that the Work is within the scope of the Contract. Use of the term “include” or “including” shall be deemed to mean “include without limitation,” “including but not limited to,” and similar expansive intent.

2.4 DRAWINGS AND SPECIFICATIONS:

A. The subdivision of the Drawings and Specifications into divisions, Sections and articles is for the purpose of ease of reference only and shall not control the Contractor in dividing the work among Subcontractors or in establishing the extent of Work to be performed by any trade. The Contractor shall be responsible for segregating the Work among the various trades.

B. The Specifications shall serve to amplify the requirements of materials and assemblies. The mention in any Section of the Specifications of any article or operation requires that the Contractor shall provide all such items indicated on, or reasonably inferred from, the Drawings, furnishing for such purpose all labor, materials and equipment required in connection therewith. Omission of any article, operation, or detail does not relieve the Contractor of the responsibility for completion of the work reasonably intended by the Drawings and Specifications to be included in the Contract.

C. In the case of conflict or inconsistency between the Drawings and Specifications or within Drawings, or Specifications not clarified by Addendum, the Contractor shall: (1) provide the better quality or greater quantity of Work, or (2) comply with the more stringent requirement either or both in accordance with the Owner’s Representative’s interpretation. The Contractor shall notify the Owner’s Representative of discrepancies found before materials are fabricated or Work performed.

D. The Contractor shall adhere to dimensions though differing from scale measurements. In the absence of dimensions or in case of doubt as to the proper measurement, consult the Owner’s Representative. Actual field dimensions where applicable are to be verified by the Contractor in the field prior to proceeding.
2.5 CONTRACT INTERPRETATIONS:

A. The Owner and/or the Contractor may request Contract interpretations in writing from the Owner’s Representative. Such requests for interpretations must be submitted sufficiently in advance of the date upon which the interpretation is actually required by the Owner or the Contractor to allow the Owner’s Representative to issue the interpretation so as not to delay the Work. Contractor shall be responsible for any delay resulting from failure to submit a request for interpretation in a timely manner. Written interpretations so requested shall be issued by the Owner’s Representative in a manner commensurate with the timely execution of the Work, shall be consistent with the intent of the Contract Documents, and shall be in accordance with established progress schedules.

B. The Contractor shall pay to Owner any amounts paid by the Owner’s Representative for the Owner’s Representative to evaluate and respond to the Contractor’s request for interpretation, where such information was available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner-provided information, Contractor-prepared coordination drawings, or prior Project correspondence or documentation.

2.6 COPIES AND OWNERSHIP OF CONTRACT DOCUMENTS:

A. The Contractor will not be provided with hard copies of the Drawings, Project Manual and other Documents prepared by the Owner's Representative. The Contractor will be provided access to an FTP site or online electronic storage site where electronic copies, in PDF file format, of the aforementioned documents will be available free of charge. The Contractor shall bear any costs of training required to access the FTP or electronic storage site. Should the mode of storage of electronic documents change during the Contract Period, the Contractor shall not be entitled to a change in the Contract Sum.

B. Original Drawings and Specifications are the property of the Owner, and the Contractor may not use the Drawings and Specifications produced pursuant to this Agreement for any purpose not relating to the Project without the Owner's consent.

C. The Owner’s Representative (Architect) will make available to the Contractor, versions of the Drawings, Specifications, and Addenda in electronic format (i.e. PDF file formats). The Contract Drawings executed or identified in accordance with Paragraph 1.1, shall prevail in cases of an inconsistency with subsequent versions made through manipulative electronic means involving computers.

D. The Contractor shall not transfer or reuse Drawings and Specifications in electronic or machine-readable form without prior written consent of the Owner’s Representative.

The Owner’s Representative shall advise and cooperate with the Owner and shall act on the Owner's behalf in accordance with the Contract Documents. The Owner shall issue instructions to the Contractor or, at the Owner’s option, elect to have the Owner’s Representative issue instructions to the Contractor.

3.3 **SITE VISITS:** The Owner’s Representative shall have access to Work in progress at all times to determine the progress and to assess the quality of the Work. Based upon its on-site evaluations, the Owner’s Representative will advise the Owner of the progress of the Work and will endeavor to guard the Owner against defects and deficiencies in the Work. The Owner’s Representative shall not have control over or charge of and shall not be responsible for construction methods, techniques, procedures, sequences or safety measures employed in connection with the Work. The Owner’s Representative shall not be responsible for the failure of the Contractor, subcontractors, or Sub-subcontractors to perform the Work in accordance with the Contract Documents.

3.4 **CERTIFICATION OF PAYMENTS:** Based upon the Owner’s Representative's observations and evaluations of the Contractor's Application for Payment, the Owner’s Representative shall review and certify the amounts due the Contractor from the Owner.

3.5 **INTERPRETATION OF CONTRACT:** The Owner’s Representative shall interpret the Contract requirements in accordance with Paragraph 2.5, and shall serve as an advisor to the Owner concerning the performance of the Work. The presence of any onsite Owner’s Representative shall in no way constitute an approval of means, methods or materials which do not conform to the requirements of the Contract Documents.

3.6 **REJECTION OF WORK:** The Owner’s Representative and/or the Owner shall have the authority to reject Work that does not conform to the requirements of the Contract Documents. In the event rejected Work requires additional testing or additional inspections, Contractor shall pay the Owner all amounts paid by the Owner to the Owner’s Representative and other third party consultants for any such additional testing or inspections. The Owner’s Representative and/or the Owner shall have the authority to order special inspections or tests, regardless of whether or not the Work has been fabricated, installed or completed. Such special inspections or tests shall be performed at the Contractor’s sole expense and no increase to the Contract Sum. No responsibility or duty of the Owner’s Representative and/or the Owner to the Contractor, Subcontractors, or Sub-subcontractors shall be created by this authority or by good faith decisions rendered in the exercise of this authority. At all times the Contractor is fully responsible for the quality of the Work and full and complete performance of the terms and specifications of the Contract. The Owner then has the right to issue a Unilateral Change Order deducting the cost of correcting the deficiencies, including any charges for special inspections or tests as well as charges by the Architect or Engineer, plus a markup of ten percent (10%) to cover administrative costs, from the balance due to the Contractor. If the balance due to the Contractor is not sufficient to cover the deduction established by the Unilateral Change Order, then the Contractor shall pay to the Owner the difference.
3.7 **ADMINISTRATION OF CONTRACT**: The Owner’s Representative shall prepare Change Orders, shall observe the Work to determine the Dates of Substantial and Final Completion, shall review all required documents submitted by the Contractor, and shall issue Certificates of Substantial Completion and Final Completion in accordance with the provisions of Paragraphs 11.6 and 11.7.

PART 4 **OWNER**

4.1 **SITE SURVEYS**: The Owner shall make available to the Contractor such information as the Owner has in its possession describing the physical characteristics, legal limitations and utility locations for the Project Site; provided, however, that the provisions of such information shall not relieve the Contractor from its obligation to inspect for itself and determine the site conditions. The Owner makes no representations whatsoever concerning the quality or contents of any information so provided and the Contractor relies on such information solely at its own risk.

The Contractor shall confirm locations of existing utilities by performing test pits, or using other means and methods as outlined by the Commonwealth of Virginia Miss Utility laws, at the Contractor’s sole expense and no increase to the Contract Sum. Any discrepancies found with locations of existing utilities will be brought to the attention of the Owner and coordinated around the new Work in its design intent at the Contractor’s sole expense and no increase to the Contract Sum. All discrepancies will be noted on the As-Builts and documented at the Contractor’s sole expense and no increase to the Contract Sum.

4.2 **REJECTION OF WORK**: The Owner shall have the right but not the obligation to reject Work in accordance with Paragraph 3.6 or of any other provision of the Contract Documents, without waiver of the Contractor’s obligation to fully perform under the Contract.

4.3 **CERTIFICATION OF PAYMENTS**: The Owner shall have the right but not the obligation to review, revise, and approve the Owner’s Representative's certifications concerning payment.

4.4 **RIGHT TO STOP WORK/RIGHT TO CORRECT DEFICIENCIES**: If the Contractor does not correct non-complying Work, or is consistent in not supplying and/or furnishing labor, material, and equipment necessary to Work performance, then the Owner has the right to order the Contractor to stop the Work until such time as the cause of the order has been corrected. Should the Contractor default, fail to perform the Work, or improperly perform the Work, the Owner has the right, after three (3) days written notice, to correct the deficiencies. The Contractor shall pay to the Owner the Owner’s cost of correcting the deficiencies, including any charges for special inspections or tests as well as charges by the Architect, plus a markup of ten percent (10%) to cover administrative costs. The Owner's exercise of the right to correct deficiencies shall in no way prejudice or limit any other remedy that the Owner may have.

Unless otherwise expressly provided, the means and methods of construction shall be such as the Contractor may choose; provided, however, that the Contractor shall employ adequate and safe procedures, methods, structures and equipment. Neither the Owner’s Representative's approval nor its failure to exercise its right of approval shall relieve the Contractor of its obligation to accomplish the result intended by the Contract, nor shall the Owner’s Representative's approval or failure to approve create a cause of action for damages against the Owner’s Representative or the Owner, or provide a defense by the Contractor in any case of action by the Owner against the Contractor.

D. The Contractor shall study and review the Contract Documents and shall compare them with each other and with such information made available by the Owner. The Contractor shall be responsible for advising the Owner’s Representative and the Owner of any errors, inconsistencies or omissions discovered or which in the exercise of due diligence as a reasonably competent contractor reasonably should have been discovered by it.

The Contractor also must furnish any other information intended to prove that the proposed Subcontractor has the necessary facilities, skill, integrity, safety records, past experience and financial resources to perform the Work in accordance with the terms and conditions of the Contract Documents.

B. If the Owner finds, in its sole and absolute discretion, that the proposed Subcontractor is not qualified, the Contractor will be notified in writing within 5 days of the Owner receiving the request for approval of the Subcontractor. D. Upon request, the Contractor promptly shall file with the Owner a copy of any one or more of its subcontracts. The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor in accordance with the terms of these Contract Documents insofar as applicable to the Work of Subcontractors, and to give the Contractor the same power to terminate any subcontract that the Owner may exercise to terminate the Contractor under the provisions of these Contract Documents. The Contractor shall be responsible to the Owner for the acts, defaults, or omissions of the Contractor’s Subcontractors and of its Subcontractors' officers, authorized representatives and employees.

6.3 SUBCONTRACTOR AND SUB-SUBCONTRACTOR AGREEMENTS: Work performed by a Subcontractor or a Sub-subcontractor shall be defined by a signed agreement between a Subcontractor and the Contractor, or between a Sub-subcontractor and a Subcontractor, as applicable. Each such agreement shall:

A. Not contain a provision which purports to negate, conflict with or otherwise compromise the requirements of the Contract Documents;

B. Not contain a provision which purports to adversely affect the rights of the Owner and the Owner’s Representative as such rights are defined in the Contract Documents;

C. Require timely processing of applications for payment and of claims for additional costs, damages, or time in order that the Contractor may in turn promptly process such applications or claims in conformance with the Contract Documents;

D. Waive the rights of either party against the other in regard to claims for fire or other peril covered by the property insurance described in Part 13 of this section. Such waiver shall not exclude either party from rightful access to the proceeds of such insurance;

E. Make specific reference to the conditions of Paragraph 6.3 of this section as a mutually binding provision; and

C. The Contractor shall pay interest on amounts owed to the Subcontractor which remain unpaid seven (7) days after the Contractor's receipt of payment from the Owner. Interest on such amounts shall accrue at the rate of one percent (1.0%) per month. Amounts owed the Subcontractor which have been withheld pursuant to Paragraph 6.4.A.2 shall not accrue interest.

H. The Contractor’s obligation to pay an interest charge to a Subcontractor is not an obligation of the Owner. A contract modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement claim shall not include any amount for reimbursement for the interest charge.

I. The Contractor shall include in each subcontract, the same requirements as Parts 5.2 G herein and require the completion of the Contractor Certification Regarding Criminal Activity and Employee Certification Regarding Criminal Activity on pages 10 and 11 herein.

A. The Owner reserves the right to award separate contracts in connection with other portions of the Project or other construction or operations on the Project Site.

B. When separate contracts are awarded for different portions of the Project or other construction or operations on the Project Site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate contract for construction.

C. At no additional cost to the Owner, the Contractor shall coordinate the Work with the activities of each separate Contractor. When directed to do so by the Owner, the Contractor shall participate with separate Contractors and the Owner in reviewing their separate construction schedules and shall make any revisions to incorporate that activity into the Critical Path Method (CPM) Construction Schedule necessitated thereby.

D. The Contractor shall afford the Owner and any separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

E. If part of the Contractor's Work depends for proper execution or results upon construction or operations by a separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly report to the Owner in writing any apparent discrepancies or defects in such construction or operations performed by a separate Contractor that would render it unsuitable for such proper execution and results. Failure of the Contractor to report such apparent discrepancies and/or defects shall constitute an acknowledgment that the separate Contractors' completed or partially completed construction is fit and proper to receive the Contractor's Work, except as to defects not then reasonably discoverable.

PART 8  MISCELLANEOUS PROVISIONS

8.1 GOVERNING LAW: The Contract Documents shall be governed by and construed in accordance with the laws of the Commonwealth of Virginia, without reference to conflict of laws principles. This Contract and the Work performed hereunder shall be governed in all respects by the laws of the Commonwealth of Virginia and the jurisdiction, forum, and venue for any litigation with respect thereto shall be in the Circuit Court for Arlington County, Virginia, and in no other court. In performing the Work under this Contract, the Contractor shall comply with applicable federal, state, and local laws, ordinances and regulations.

8.2 SUCCESSORS, ASSIGNS AND LEGAL REPRESENTATIVES: This Agreement shall not be assigned, sublet or transferred, in whole or in part, by operation of law or otherwise, by either of the parties hereto except with the prior written consent of the other. Owner shall be under no obligation to agree to any requested assignment, sublet or transfer. Owner will not consent to any requested assignment, sublet or transfer to any entity who was an unsuccessful bidder, who was deemed not to be qualified, or who was or is deemed not to be responsible. Unless specifically stated to the contrary
in any written consent to an assignment, no assignment shall operate to release or discharge the assignor from any duty or responsibility under this Agreement.

8.3 **ENTIRE AGREEMENT:** The Contract Documents constitute the entire agreement among the parties pertaining to the Work and supersede all prior and contemporaneous agreements, statements and understandings of the parties in connection therewith.

8.4 **ROYALTIES AND PATENTS:** The Contract Sum includes all royalties and costs arising from patents, trademarks, and copyrights in any way involved in the Work. Whenever the Contractor is required or desires to use any design, device, material or process covered by letters of patent or copyright, the Contractor shall indemnify and save harmless the Owner and Owner’s Representative, their officers, agents and employees from any and all claims for infringement by reason of the use of any such patented design, device, tool, material, equipment, or process to be performed under the Contract, and shall indemnify the Owner and the Owner’s Representative, their officers, agents, authorized representatives, and employees for any costs, expenses and damages which may be incurred by reason of any such infringement at any time during the prosecution and after the completion of the Work.

8.5 **CLAIMS FOR DAMAGES:** If the Contractor wishes to make a claim, whether for extra compensation, damages or other relief, by reason of any act or omission of the Owner or its agents or representative or other causes beyond the reasonable control of the Contractor, the Contractor shall comply with the requirements set forth below. Strict compliance with all claims submission requirements set forth below or in any other provision of the Contract Documents shall be a condition precedent to the Contractor’s right to pursue any claim or to recover or prevail thereon. All time requirements set forth as claims submission requirements shall be deemed to be of the essence. Compliance with all claims submission requirements shall not, however, create any presumption of validity of any claim.

A. The Contractor must at the time of the discovery of the occurrence of the event giving rise to the claim and before beginning any work on which the claim is based deliver to the Owner’s Representative to the Purchasing Agent and to the Owner’s Project Manager a written statement identifying itself as a Notice of claim, stating the circumstances of the occurrence, specifying the additional work contemplated as being required, state why such work is not already included within the scope of the Contract Documents, and to the extent reasonably foreseeable estimate the anticipated amount of the claim.

B. If the Owner within five (5) business days following receipt of such Notice of claim does not direct the Contractor otherwise, the Contractor shall proceed with the work which is the subject of the claim and within ten (10) calendar days after completion of the work for which additional compensation is claimed shall submit in writing to the Owner’s Representative, to the Owner’s Project Manager, and to the Purchasing Agent a written itemization of the actual additional compensation claimed, with all supporting documentation.

C. The Purchasing Agent or his designee shall make a determination within ninety (90) days after receipt of the submission described in Subparagraph B above, which decision shall be the final determination of the Owner. Failure by the Purchasing Agent to issue a final decision shall be deemed a final decision to deny the claim as of the ninetieth (90th) day. A final decision by the Owner shall be a condition precedent to institution by the Contractor of any judicial claim for relief on the claim. The Contractor’s right to seek judicial appeal of
denial of a claim is barred if no suit is filed within six (6) months following the Owner’s final decision. No consideration by the Owner of any additional submissions by the Contractor in support of any claim shall extend this six month limitation.

D. The Contractor shall comply with all directions and decisions of the Owner’s Representative, the Owner’s Project Manager, or the Purchasing Agent and shall proceed diligently with the performance of the Contract and with any disputed work pending final resolution of any claim or dispute. “Final resolution” shall include the exhaustion of all judicial proceedings.

E. No claim whatsoever shall be made by the Contractor against any officer, authorized representative or employee of the Owner or Owner’s Representative for, or on account of, anything done or omitted to be done in connection with this Contract.

F. Failure of the Owner at any time to require compliance with any term or condition of the Contract Documents or of any claims submissions requirements shall not be deemed a waiver of such term, condition, or requirement, or a waiver of the subsequent enforcement thereof.

G. In the event the Contractor makes a claim for additional compensation other than for damages related to delay which results in litigation, if the Owner substantially prevails in such litigation the Contractor shall indemnify and hold the Owner harmless from any and all reasonable attorneys’ fees, litigation costs of all types, and expert witness fees and costs, arising from or related to such claim and litigation. Any claim for delay damages shall be subject to the provisions of Va. Code. Ann. § 2.2-4335.

H. If additional compensation is granted as to any claim, either by consent of the Owner or by judicial decision, the Contractor shall not be entitled to recover any interest on any amounts claimed to be due from the Owner which are the subject of a good faith dispute by the Owner which are paid within thirty (30) days following final resolution of such dispute. Interest shall accrue on any claim not paid within such thirty (30) days at the legal rate of six percent (6%) per annum simple interest commencing on the date of such final resolution.

I. No claims provision in this Agreement waives the Owner’s sovereign immunity or waives the ability of the Owner to invoke sovereign immunity where sovereign immunity may be applicable.

8.6 IMMIGRATION REFORM AND CONTROL ACT OF 1986: The Contractor certifies that it does not and will not during the performance of the Contract employ illegal alien workers or otherwise violate the provisions of the Federal Immigration Reform and Control Act of 1986.

8.7 ASSURANCES OF COMPLIANCE: The Contractor shall comply with Section 504 of the Rehabilitation Act of 1973, as amended and Title VI of the Civil Rights Act.

A. During the performance of this Contract the Contractor agrees as follows:

1) The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, any disability or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.

2) The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.

3) Notices, advertisements, and solicitations placed in accordance with federal laws, rules, or regulations shall be deemed sufficient for the purpose of meeting the requirements of this action.

4) The Contractor will include the provisions of the foregoing paragraphs 1, 2 and 3 in every subcontract or purchase order over $10,000.00, in order that the provisions above will be binding upon each Subcontractor.

B. Nothing contained in this provision shall be deemed to empower any agency to require any Contractor to grant preferential treatment to, or discriminate against, any individual or any group because of race, color, religion, sex or national origin on account of an imbalance which may exist with respect to the total number or percentage of persons of any race, color, religion, sex or national origin employed by such Contractor in comparison with the total number or percentage of persons of such race, color, religion, sex or national origin in any community or in the state.

A. The Owner and its authorized representatives shall have access to all records necessary to perform a complete audit of the Contractor for the purposes of verifying that the certified cost or pricing data submitted were accurate, complete and current. The Owner shall, until the expiration of three years from the date of final payment under this Contract, have the right to examine and copy those books, records, documents, papers and other supporting data which involve transactions related to this Contract or which permit adequate evaluation of the cost or pricing data submitted, along with the computations and projections used therein (the "Records"), and the Contractor hereby covenants to maintain the Records in good order for such time and to deliver promptly the Records to the Owner upon request.

B. The Contractor agrees to include in all subcontracts under this contract a provision to the effect that the Owner and its authorized representatives will, until three years from the date of final payment under the subcontract, have access to and the right to examine and copy those books, records, documents, papers and other supporting data which involve transactions related to the subcontract.

9.5 DISPUTED WORK:

A. If the Contractor is of the opinion that any work required, necessitated, or ordered by the Owner’s Representative or the Owner, or any action required or ordered by the Owner’s Representative or the Owner to be taken or not taken is not Work included within the Contract Sum, any claim for additional compensation or an extension of the Contract Period arising therefrom shall be subject to the claims procedures and submission requirements set forth in the Contract Documents.

B. No payment shall be made to Contractor for any disputed work for which Owner’s final determination is that Contractor is not entitled to receive any increase in the Contract Sum for such Work. Payment for Work not in dispute shall continue to be made to the Contractor in accordance with the Contract Documents.

PART 10   TIME

10.1 TIME OF START AND COMPLETION:

A. The Contractor shall commence Work within ten (10) days after receipt of the Notice to Proceed. Time being of the essence with respect to this Contract, the Contractor shall prosecute the Work diligently, using such means and methods of construction as will secure its full completion in accordance with the requirements of the Contract Documents, and will complete the work within the Contract Period. The Contractor shall provide a Critical Path
Method (CPM) Construction Schedule as prescribed in Section 01320 of these specifications. By submitting a Bid, the Contractor confirms that the Contract Period is a reasonable period for performing the Work. The Contractor shall proceed expeditiously with adequate forces, scheduling and resources to complete the Work within the Contract Period.

B. The Owner and the Contractor hereby acknowledge and agree that time is of the essence with respect to this Contract and that in the event the Contractor fails to complete the Work within the Contract Period, the Owner and the Contractor agree to liquidated damages for late completion as set forth in Paragraphs 5.13. The Contractor and its Surety hereby agree that the stated sum per day for each such day of delay shall be deducted and retained out of the moneys which may become due hereunder and if not so deductible, the Contractor and its Surety shall promptly make payment to Owner of the amount due upon receipt of demand therefore.

10.2 CONSTRUCTION MOBILIZATION: The Contractor’s mobilization to perform the Contract Work shall commence at the issuance of a written Notice to Proceed and shall be completed within thirty (30) days of the date of the Notice to Proceed. At a minimum, the construction mobilization phase shall include the following:

A. Submission of an acceptable detailed Schedule of Values immediately after Notice to Proceed and prior to the submission of the first request for payment, as required by Part 11.2 of this Section;

B. Submission of an acceptable Startup Construction Schedule within seven (7) days of Notice to Proceed as required by Section 01320 of the Specifications.

C. Submission of Contractor/Subcontractor Certification of Criminal Conviction forms, due within ten (10) days of Notice to Proceed;

D. Submission of a proposed List of Sub-contractors within ten (10) days of Notice to Proceed as required by Part 6 of these General Conditions;

E. Submission of an acceptable Contractor Quality Control Plan within ten (10) days of Notice to Proceed as required by Section 01400 of the Specifications;

F. Submission of an acceptable Critical Path Method schedule as required by Section 01320 of the Specifications;

G. Submission of an acceptable Submittal Schedule as required by Submittals, Section 01330 of the Specifications;

H. Submission of an acceptable Erosion and Sedimentation Control Plan as required by Section 01500 of the Specifications;

I. Completed installation of required Phase 1 Erosion & Sediment Controls, perimeter construction fence and Contractor and Owner’s Representative’s onsite construction trailers as required by the Contract Documents;

J. Submission of an acceptable Waste Management Plan as required by Section 01 7419 of the Specifications.
10.3 EXTENSION OF TIME:

A. The parties agree that no extension beyond any required date of completion, whether Substantial Completion or Final Completion, fixed by the terms of the Contract shall be effective unless granted in writing, and signed by the Owner’s Purchasing Agent or his designee. All time requirements set forth herein shall be of the essence. It shall be a condition precedent to any claim for extension of time that the Contractor comply strictly with the following requirements:

(i) Give notice of delay in writing to the Owner’s Representative, to the Owner’s Project Manager, and to the Purchasing Agent within two (2) days of the occurrence which gives rise to the alleged delay, or within seven (7) days of the beginning of the delay if the resulting delay was not reasonably foreseeable at its commencement. Delays based on weather occurrences shall be submitted in accordance with the requirements of the Contract Specifications. The notice of claim for delay shall identify itself as a notice of claim, shall state the circumstances of the occurrence, shall state the justification for the delay and for the extension of time, and the estimated duration of the delay and of the extension requested. In case of a continuing cause of delay, only one notice shall be required so long as the delay asserted is continuous, but an additional notice shall be given at least every fourteen (14) days providing a statement of what the Contractor has done to mitigate or overcome the cause of the delay, how long the delay is anticipated to continue, and the justification for such projection.

(ii) The Contractor shall submit to the Owner’s Representative, to the Project Manager, and to the Purchasing Agent a statement of the actual time extension requested as a result of the claimed delay, which shall include all documentation and supporting information for such claimed delay required by this article and by any applicable Contract Specifications, within twenty-one (21) days after the delay has ceased.

(iii) The Contractor shall comply with all directions and decisions of the Owner’s Representative, the Owner’s Project Manager, or the Purchasing Agent and shall proceed diligently with the performance of the Contract and with any disputed work pending final resolution of any claim or dispute. “Final resolution” shall include the exhaustion of all judicial proceedings.

(iv) The Contractor shall make no claim against any officer, agent or employee of Arlington Public Schools for, or on account of, any act or omission to act in connection with the Contract, and to the extent permitted by applicable law acknowledges and agrees that any and all rights to make any such claim are waived without condition or limitation.

(v) Strict compliance with all applicable submittal requirements shall be a condition precedent to entitlement to any extension of time, but such compliance shall not of itself establish entitlement. Failure to comply with the foregoing submittal requirements shall be deemed a conclusive waiver, without limitation, of any claim for extension of time arising from or related to the alleged occurrence.
B. The Contractor shall not be entitled to any extension of time for delay in completion of the Work unless such delay is caused solely by any act or delay caused by the Owner, or by riot, insurrection, war, pestilence, acts of public authorities, fire, earthquakes, or by strikes, or other causes, which in the opinion of the Owner, are entirely beyond the expectation and control of the Contractor. The Contractor shall be entitled to an extension of time for such causes only for the number of days of delay which the Owner’s Representative may determine to be due solely to such causes and only to the extent that such occurrences actually delay achieving the applicable completion date, and then only if the Contractor shall have strictly complied with all applicable claims submission requirements of this Contract, including, without limitation, Paragraph 10.1. To the extent any delay for which the Contractor seeks an extension of time is due concurrently to causes for which Contractor may be entitled to a delay and to causes within the reasonable control or foreseeability of the Contractor, the Contractor shall not be entitled to any extension of time.

C. The Contractor is to assume a maximum of twenty (20) Days delay from the date of Notice to Proceed to the date of Project Substantial Completion. These twenty (20) Days shall include a combined total of allowed Owner delays and inclement weather delays allowed as defined in paragraph 10.8 below. These twenty (20) delay Days are the responsibility of the Contractor and shall be included in the Contract Period, the Contract Sum, and incorporated in the CPM construction schedule. The Contractor will not be compensated, neither monetarily nor by time extension, for a cumulative delay of twenty (20) or less Days.

D. The Owner’s Purchasing Agent or his designee shall issue the Owner’s final decision on any claim for delay within ninety (90) Days following receipt of the Contractor’s final submission in support of the claim, if submitted timely. Failure of the Purchasing Agent to issue a written decision shall be deemed a final decision to deny the claim as of the ninetieth (90) Day. A final decision by the Owner shall be a condition precedent to institution by the Contractor of any judicial proceeding for relief on the claim. The Contractor’s right to seek a judicial appeal of denial of a claim for extension of time is barred if no suit is filed within six (6) months following the Owner’s final decision on the claim. No consideration by the Owner of any additional submissions by the Contractor in support of any claim shall extend this six month period.

E. Delays caused by the failure of the Contractor's Subcontractors, suppliers and dealers to furnish approved working drawings, shop drawings, submittals, materials, fixtures, equipment, appliances, or other fittings on time or the failure of Subcontractors or Sub-Subcontractors to perform their work in conformity with the Construction Schedule or other requirements of the Contract Documents shall not constitute a basis for extension of time.

F. The Contractor making a claim against the Owner for costs or damages due to unreasonable delays caused by the Owner, and its agents or employees, shall be liable to the Owner for a percentage of all the costs the Owner incurs in investigating, analyzing, negotiating, and litigating the claim, which percentage shall be equal to the percentage of the Contractor's total delay claim which is determined through litigation to be incorrect or to have no basis in law.

G. No claims provision in this Agreement waives the Owner’s sovereign immunity or waives the ability of the Owner to invoke sovereign immunity where sovereign immunity may be applicable.
H. The Contractor shall comply with all directions and decisions of the Owner’s Representative, the Owner’s Project Manager, or the Purchasing Agent and shall proceed diligently with the performance of the Contract and with any disputed work pending final resolution of any claim or dispute. “Final resolution” shall include the exhaustion of all judicial proceedings.

10.4 RECOVERY SCHEDULE:

A. Should the approved Construction Schedule show at any time during Contractor's performance, in the sole opinion of the Owner, that the Contractor is 14 days or more behind schedule for any specific critical path milestone date, or should the Contractor be required to undertake actions under Paragraph 10.7 of this section, the Contractor shall submit a Recovery Schedule to the Owner within five (5) days after receiving a written request from the Owner. The Recovery Schedule shall explain and display how the Contractor intends to reschedule its Work at no additional cost to the Owner, in order to regain compliance with the Construction Schedule during the immediate subsequent pay period.

B. If the Contractor believes that all of the time can be recovered during the subsequent pay period, the Contractor will be permitted to prepare a Recovery Schedule as set forth below. However, if the Contractor believes it will take more than thirty (30) days to recover all of the lost time, it shall prepare and submit a request for revision of the Construction Schedule and comply with all of the requirements for a Schedule Revision.

1. The Contractor shall prepare and submit to the Owner a one-month maximum duration Recovery Schedule, incorporating best available information from Subcontractors and others which will permit return to the approved Construction Schedule at the earliest possible time. The Contractor shall prepare a Recovery Schedule to the same level of detail as the Construction Schedule for a maximum duration of one month. This Recovery Schedule shall be prepared in coordination with other separate Contractors on the Project.

2. Within two (2) days after submission of Recovery Schedule to the Owner, the Contractor shall participate in a conference with the Owner to review and evaluate the Recovery Schedule. Within two (2) days of conference, the Contractor shall submit the revisions necessitated by the review for the Owner’s review and approval. The Contractor shall use the approved Recovery Schedule as his plan for returning to the Construction Schedule.

3. Contractor shall confer continuously with the Owner to assess the effectiveness of the Recovery Schedule. As a result of these conferences, the Owner will direct the Contractor as follows: (i) If the Owner determines the Contractor is still behind schedule, the Owner will direct the Contractor to prepare a revised Recovery Schedule and comply with all of the requirements of a Schedule Revision as stated herein and the other requirements of the Contract Documents; provided, however, that nothing herein shall limit in any way the rights and remedies of the Owner as provided elsewhere in the Contract Documents. (ii) If the Owner determines the Contractor has successfully complied with provisions of the Recovery Schedule, the Owner will direct the Contractor to return to the use of the approved Construction Schedule.
10.5 **PHASING MILESTONES:** Substantial Completion and Final Completion Dates for each Phase must be accomplished in an orderly and timely manner in order to complete the Project on schedule and not delay or hinder the Owner’s occupancy of the completed Project. The Substantial Completion and Final Completion Dates are set forth in the Contract. These dates shall be binding upon the Contractor, subject to the provision of the Contract Documents allowing for agreed upon extensions of the Contract Period. The Contractor shall include each of these dates on its CPM schedule in accordance with scheduling standards set forth in Specification Section 01320.

10.6 **CONTRACTOR DELAYS:** The Contractor agrees that wherever it becomes apparent from review of the current monthly CPM schedule update that delays to the critical path have resulted and, hence, that any Substantial Completion Date or Final Completion Date established by the Contract will not be met, or when so directed by the Owner, the Contractor shall take some or all of the following actions at no additional cost to the Owner:

A. Increase construction manpower in such quantities and crafts as will substantially eliminate the backlog of Work;

B. Increase the number of working hours per shift; shifts per working day, or days per week; the amount of construction equipment; the forms for concrete work or other trade specific materials or equipment; or any combination of the foregoing to substantially eliminate the backlog of Work;

C. Reschedule activities to achieve maximum practical concurrency of accomplishment of activities, and comply with those revisions;

D. The Contractor shall submit to the Owner’s Representative for review, a written statement of the steps the Contractor intends to take to remove or arrest the delay to the schedule. If the Contractor shall fail to submit a written statement of the steps it intends to take or should fail to take such steps as required by the Contract, the Owner or the Owner's Representative may direct the level-of-effort in manpower (trades), equipment, and work schedule (overtime, weekend and Holiday work, etc.) to be employed by the Contractor in order to remove or arrest the delay to the critical path in the accepted schedule, and the Contractor shall promptly provide such level-of-effort at no additional cost to the Owner. In addition, should schedule delays persist, the Contractor’s Surety will be asked to attend meetings to update the schedule.

E. Should it be deemed necessary, in the Owner’s sole discretion, that delays or incomplete work have warranted the use of outside sources to arrest a delay or to complete incomplete work, the Owner reserves the right to back-charge the Contractor for all costs incurred by the Owner in the use of outside sources.

10.7 **WEATHER DELAYS:** The Contract Period shall be adjusted to account for unusually severe weather conditions which prevent or inhibit the Contractor's performance of the Work and lengthen the critical path indicated on the Schedule. Such unusually severe weather conditions are referred to herein as "Inclement Weather". The Contractor shall notify the Owner’s Representative in writing of the occurrence of Inclement Weather within forty-eight hours after the onset of such Inclement Weather and shall describe in reasonable detail the type of Inclement Weather encountered by the Contractor and the work thereby interfered with or interrupted, in accordance with the provisions of Paragraph 10.3 above. The Owner’s Representative shall determine the Contractor's entitlement to an extension of the Contract Period for inclement weather by comparing weather conditions during the
period beginning on a date 15 days prior to the onset of the Inclement Weather and ending on a date 15 days after the conclusion of the Inclement Weather (the "Comparison Period"). This comparison during the Comparison Period shall be based upon the accumulated record monthly or daily mean values (the choice of monthly or daily values being made by the Owner’s Representative in his sole and absolute discretion) from climatological data compiled by the U.S. Department of Commerce National Oceanic and Atmospheric Administration using the Reagan National Airport reporting data. The Comparison Period shall not include days outside the Contract Period. The Contractor shall be entitled to an extension of the Contract Period only to the extent that the total number of days of Inclement Weather claimed during an inclement period exceeds the total number of days of Inclement Weather conditions during the Comparison Period. Throughout a construction Phase as defined in the Contract, the Contractor shall be entitled to an extension of the Contract Period only to the extent that the total Inclement Weather days approved exceed the assured number of delay days stipulated in Paragraph 10.3.C.

PART 11   PAYMENTS AND COMPLETION

11.1 PRICES:

A. For the Contractor's complete performance of the Work, the Owner agrees to pay, and the Contractor agrees to accept, subject to the terms and conditions hereof, the Contract Sum, plus the amount required to be paid for Extra Work approved under Paragraph 9.2 hereof, less credit for any work omitted pursuant to Paragraph 9.3 hereof, and any other credits or offsets, including reimbursements or liquidated damages to which the Owner is entitled.

B. The amount awarded as a unit price for any unit price Contract item shall represent payment in full, including overhead and profit, for all material, equipment and labor necessary to complete, in conformity with the Contract Documents, each unit or item of work shown, specified, or required under the said unit price Contract item.

C. No payment other than the amount awarded will be made for any class of Work included in a lump sum Contract item or a unit price Contract item, unless specific provision is made therefore in the Contract Documents.

11.2 SUBMISSION OF SCHEDULE OF VALUES: Contractor shall organize and provide detail on the Schedule of Values in a manner acceptable to the Owner and as set forth in Section 01 2900 of the Specifications. The Schedule of Values, once accepted by the Owner’s Representative, may be used for verifying the Contractor's applications for partial payments hereunder but shall not be binding upon the Owner for any purpose whatsoever.

11.3 APPLICATION FOR PAYMENT:

A. The Contractor must submit applications for payment using AIA Document G702 - Application and Certificate for Payment. Affidavits from each Subcontractor verifying receipt of payments of amounts billed in the previous payment request must accompany each application for payment. Failure to submit all affidavits will delay payment.

B. Upon the request of the Owner’s Representative, as a condition precedent to payment pursuant to the terms of this Contract, the Contractor shall give the Owner a statement that
no employee of the Owner has received or has been promised, directly or indirectly, any
financial benefit, by way of a fee, commission, finder's fee or in any other manner,
remuneration arising from or directly or indirectly related to this Contract. All parties agree
that the Owner shall have the right, in its sole and absolute discretion, to withhold payment
to the extent of any such fee or commission. The Contractor shall not be entitled to interest
and shall not have any claim on account of any payments being withheld under this
paragraph.

11.4 PARTIAL PAYMENTS:

A. On or about the first of each month, the Contractor shall make and certify an estimate of the
amount and fair value of the Work performed and may apply for partial payment therefore.
The Owner's Representative shall revise the estimate to show the value of Work completed
in accordance with the Owner's Representative's observation of the Work and knowledge,
information and belief. The Contractor agrees to be bound by the Owner's Representative's
revisions to the applications for partial payment.

B. Whenever the monthly estimate, after approval by the Owner's Representative (Architect),
shows that the value of the work completed during the previous month exceeds $1,000.00,
the Owner's Representative (Architect) will certify the Contractor's Application and
Certificate for Payment for such Work. Such Application and Certificate for Payment as
approved by the Owner's Representative will authorize payment by the Owner in an amount
equal to the value of the Work completed less any sums retained or deducted by the Owner
under the terms of the Contract Documents, and less retainage of five (5) percent of payments
approved.

C. An Application and Certificate for Payment shall not be considered received by the Owner
unless accompanied by the following:

1. An affidavit that payrolls, bills for materials and equipment, Subcontractors invoices,
and all other indebtedness in connection with amounts paid by the Owner to the
Contractor under previous Application and Certificates for Payment have been paid
and otherwise satisfied; and

2. All construction photos as required by Contract Specification 01 3233;
and

3. A revised CPM schedule as required by Contract Specification 01 3200.

D. Within forty-five (45) days after receipt of each approved Application and Certificate for
Payment, the Owner shall pay the Contractor in accordance with the applicable Certificate
and the Contract Documents.

E. Unless otherwise provided herein, no payment will be made for any materials or equipment
supplied hereunder before they are:

1. Incorporated in the work in a permanent manner required by the Contract
Documents,

2. Properly stored at the site of the Project, or
3. Properly insured and stored in a bonded warehouse to the satisfaction of the Owner.

F. The cost of equipment and non-perishables delivered and stored only at the Project Site and tested for adequacy may be included in the Contractor's Application and Certificate for Payment; provided, however, that the Contractor shall furnish written evidence satisfactory to the Owner that the Contractor has clear title to such materials or equipment at the time of payment therefore by the Owner and that such equipment is being stored and maintained in accordance with the Contract Documents and the Drawing's recommendations. The amount to be paid by the Owner for such equipment and non-perishables will be 100 percent (100%) of the invoice cost to the Contractor as supported by receipted bills, less the specified retainage. Such payment shall not relieve the Contractor of full responsibility for completion of the Work and for protection of materials and equipment until incorporated in the Work in a permanent manner as required by the Contract Documents.

G. Before any payment will be made under this Contract, the Contractor and every Subcontractor, if required, shall deliver to the Owner's Representative a written, verified statement, in satisfactory form, showing in detail all amounts then due and unpaid by the Contractor to all laborers, workers, and mechanics, employed under the Contract for the performance of the Work at the Project Site, for daily or weekly wages, or to other persons for materials, equipment, or for supplies delivered at the Project site during the period covered by the payment request.

11.5 DELAYED PAYMENTS:

A. Owner may withhold payment to such an extent as may be necessary in the opinion of the Owner in consultation with the Owner's Representatives to protect the Owner due to loss because of:

1. Defective work not remedied,

2. Third party claims filed or reasonable evidence indicating probable filing of such claims,

3. Failure of the Contractor to make payments properly to Subcontractors or for labor, materials or equipment,

4. Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum,

5. Damage to the Owner or another Contractor,

6. Reasonable evidence that the Work will not be completed within the time required for completion,

7. Persistent failure to carry out the Work in accordance with the Contract Documents, or
8. Liability, damage, or loss due to injury to persons or damages to the Work or property of other Contractors, subcontractors of others, caused by the act or neglect of the Contractor of any of its Subcontractors.

B. The Owner shall have the right, as an authorized representative for the Contractor and without the Surety's consent, to apply any such amounts so withheld in such manner as the Owner may deem proper to satisfy such claims or to secure such protection. The application of these amounts shall be deemed payments for the account of the Contractor and shall reduce the Owner's obligation to the Contractor accordingly. The Contractor may not stop Work as a result of any payment or portion thereof being properly withheld in accordance with this Contract. If Contractor does order Work stopped, or if the Work is stopped in whole or in part as a result thereof, the Contractor shall be wholly liable for any damages from delay, or otherwise, which may arise because of such stoppage.

11.6 SUBSTANTIAL COMPLETION:

A. WRITTEN NOTIFICATION: When the Contractor considers that the Work, or such portion or phase thereof which the Owner agrees in writing to accept separately, is Substantially Complete, the Contractor shall provide the Owner and the Owner’s Representatives written notification of such fact accompanied by a complete list of Contract Work items remaining to be completed (Contractor’s Punch List) and as set forth in Section 01 7700.

B. PUNCH LISTS:

1. Within fourteen (14) days following receipt of the Contractor’s written notification of Substantial Completion (including a Contractor’s punch list, as set forth in Paragraph 11.6.A), the Owner’s Representative (Architect) shall conduct an inspection of the Work and compile a comprehensive list of deficiencies and incomplete Work (i.e. Architect’s Punch List). The Owner’s Representative (Architect) shall then issue a Consolidated Punch List incorporating the Contractor’s and the Architect’s Punch Lists into a single list in a uniform format (“Consolidated Punch List”).

2. Following issuance of the Consolidated Punch List, the Contractor shall have thirty (30) days to complete the Work contained thereon and to achieve Final Completion, unless otherwise specified in the Contract Documents. If the Work for which Final Completion is requested is not Finally Complete within the required period, it is understood and agreed by all parties that the Contractor shall become liable to the Owner for Liquidated Damages as established by the Contract, which shall continue in effect until the applicable Final Completion has been achieved.

3. Except with the consent of the Owner, the Owner’s Representative (Architect and Construction Manager) shall perform no more than two Substantial Completion inspections for any designated portion of the Work or for the entirety of the Work. Should more than two Substantial Completion inspections be required, the Contractor shall pay the Owner any amounts paid by the Owner’s Representative (Architect and Construction Manager) and other third party consultants for any additional inspections.

4. Should the Contractor fail to complete or correct any item on the Consolidated Punch List within the required period, the Owner may, at any time thereafter, complete one or
more items on the list with its own forces or with such other Contractors as it deems advisable and recover from the Contractor the cost for performing such work plus a markup of ten percent (10%) to cover administrative costs. This right of completion shall be in addition to, and not in lieu of, any remedy otherwise provided by the Contract Documents. All such completed Work shall be subject to the Warranty provisions of the Contract Documents.

C. **SUBSTANTIAL COMPLETION CERTIFICATION:** When the Contractor considers that the Work, or such portion or Phase thereof which the Owner agrees in writing to accept separately, is Substantially Complete, the Contractor shall submit to the Owner and the Owner’s Representative a written request for an inspection of the Work and a Certificate of Substantial Completion. Sufficient notice shall be given to allow the Owner and Owner’s Representative to schedule the inspection. Prior to requesting Owner's and Owner’s Representative's inspection for Certification of Substantial Completion, the following must be completed:

1. Submit a progress payment request coincident with or following the Substantial Completion date claimed, showing one hundred (100%) percent completion for the portion of the Work claimed as Substantially Complete.

2. Submit all outstanding changes to the Contract Sum which are not barred by the claims submission procedures of the Contract Documents.

3. Advise Owner of pending insurance changeover requirements.

4. Submit specific warranties, workmanship/maintenance bonds, maintenance agreements, final certifications, and similar documents.

5. Obtain and submit final releases of liens, which may reserve rights for Work performed after the date of the release, (include with Certificate of Substantial Completion) from all Subcontractors, construction materials suppliers, and services and utilities, enabling the Owner's full and unrestricted use of the Work and access to services and utilities, and including (where required) Occupancy Permits, facility operating certificates, and similar releases from authorities having jurisdiction.

6. Submit two (2) electronic copies and three (3) paper copies (8-1/2" x 11" page format in 3-ring notebook binders, with a table of contents) of Project record documents, maintenance manuals, final Project photographs, damage or settlement survey, property survey, and similar final Project record information.

7. Submit certifications of compliance for each test and inspection required by all Sections of the Project Manual. The certifications shall be signed by the Contractor and by the parties conducting the test.

8. Deliver tools, spare parts, extra stocks of materials, and similar physical items to Owner.

9. Make final change-over of locks and transmit keys to Owner, and advise Owner's personnel to change over the security provisions.
10. Complete start-up testing of systems, water and air balancing, adjust and calibrate temperature control system, fire alarm system, generator (as required, if included in the design). Clean all HVAC units, ducts if necessary. Remove temporary filters and install new filters in all air-handling units and in all unit ventilators.

11. Complete all commissioning and acceptance tests.

12. Complete instruction for Owner’s operating/maintenance personnel for all equipment and machinery installed under the Contract Work as specified by the Owner.

13. Discontinue (or change over) and remove from project Site temporary facilities and services, along with construction tools and facilities, mock-ups, and similar elements.

14. Complete Final Cleaning and Repair of the Work as specified in Specifications Division 1 Section, “Closeout Procedures”.

15. Touch up and otherwise repair and restore marred exposed finishes.

16. Warranties shall become effective, once Owner and Owner’s Representative determine that the Contractor has achieved Substantial Completion and execute the Certificate of Substantial Completion.

17. If the Owner partially occupies the Project Site, this shall not indicate acceptance of Substantial Completion or activation of warranties.

18. The Contractor shall provide extended warranties. Warranties beginning upon acceptance and fully executed Certificate of Substantial Completion.

D. Upon receipt of Contractor's request, the Owner and Owner’s Representative will either proceed with inspection or advise the Contractor of pre-requisites not fulfilled. Following inspection, the Owner and Owner’s Representative will either prepare the Certificate of Substantial Completion, or advise the Contractor of Work, or additional Work, which must be performed prior to issuance of the Certificate of Substantial Completion. Should the Owner and/or Owner’s Representative determine that the Work is not Substantially Complete, notification in writing will be given to the Contractor stating the reasons therefore. Contractor shall remedy the deficiencies in the Work and shall send to the Owner and Owner’s Representative (Architect) a second written notice of Substantial Completion. The Owner and Owner’s Representative will then re-inspect the work. If the Certificate of Substantial Completion is not issued following the second inspection, the provisions of General Condition 11.6.B.3 shall be applicable until the Certificate of Substantial Completion is issued.

E. When the Owner and Owner’s Representative concur that the Work is Substantially Complete, the Owner’s Representative shall:
1. Prepare a Certificate of Substantial Completion on AIA Form G704 accompanied by Contractor's list of items to be completed or corrected to achieve Final Completion, as verified and amended by the Owner’s Representative.

2. Submit the Certificate of Substantial Completion to the Owner and the Contractor for their written acceptance of the responsibilities assigned to them in the Certificate.

3. Notify the Contractor to submit Final As-Built Mylar drawings and one digital copy, which are to be labeled "FINAL AS-BUILTS" and submitted to the Owner’s Representative for approval. Approval and acceptance by Owner of Final As-Builds shall be a condition precedent to Contractor requesting Final Completion approval.

11.7 **FINAL COMPLETION:**

A. Upon written notification by the Contractor that the Work is Finally Complete, and upon the Contractor's submission of a final Application and Certificate for Payment, the Owner’s Representative will conduct a final inspection of the Work. If the Owner’s Representative determines that the Work is not Finally Complete, a Final Completion Punch List will be issued to Contractor. Contractor may request a second inspection when Contractor deems the Final Completion Punch List to have been completed. If the Certificate of Final Completion is not issued following the second inspection, the provisions of General Condition 11.B.3 shall be applicable until the Certificate of Final Completion is issued. When the Owner’s Representative determines that the Work has been satisfactorily completed and the Contract Documents fully performed, the Owner’s Representative shall promptly prepare and issue a Final Certificate for Payment stating that to the best of the Owner’s Representative's knowledge, information and belief, and on the basis of his observations and inspections, the Work has been completed in accordance with the Contract Documents is due and payable. Final Completion shall occur within thirty (30) calendar days after the Date of Substantial Completion, or as otherwise specified in the Contract Documents.

B. Except with the consent of the Owner, the Owner’s Representative shall perform only Final Completion inspection for any designated portion of the Work or for the entirety of the Work. Should more than one Final Completion inspection be required, the Contractor shall pay the Owner amounts paid by the Owner to the Owner’s Representative for any additional inspections necessary to achieve Final Completion.

C. The Owner shall, within thirty (30) days after receipt of the approved Final Application and Certificate for Payment, pay the Contractor the amount stated therein.

11.8 **CORRECTION OF DEFECTIVE WORK BEFORE AND DURING WARRANTY PERIOD:**

A. In the event the Work, or any portion thereof, is determined during the Warranty Period to be defective, incomplete or to have been improperly performed, the Contractor shall, within three days after written notice from the Owner, commence to remove all defective and deteriorated Work and materials and replace it at the Contractor's expense with Work and materials in accordance with the requirements of the Contract Documents and to complete all incomplete Work in accordance with the Contract Documents within a reasonable time period.
B. In the event the Contractor fails to commence the removal, replacement, completion or correction of such Work within three days after the date of written notice from the Owner and to complete such Work within a reasonable time period thereafter, the Owner will cause such Work to be performed by other Contractors and the Contractor and its Surety under the Performance Bond will be obligated to pay the Owner all costs incurred in the performance of such Work plus an administrative fee of ten percent (10%) within thirty (30) days following submission by Owner to Contractor of such demand for payment.

C. The Contractor’s Warranty obligations shall remain in full force and effect regardless of whether the Warranty Work was performed by the Contractor or by the Owner.

D. Defects or nonconformities which are remedied as a result of Warranty obligations shall subject the remedied portion of the Work to an extended Warranty Period of one (1) year from the date upon which such defect or nonconformity was fully remedied or from the date of Final Completion of the Project as a whole, whichever is later, whether such Warranty Work was performed by the Contractor or by the Owner. Any repetitive defect, failure or malfunction identified within the Warranty Period shall remain under Warranty until it has been fully corrected and has performed without defect, failure or malfunction for a period of one (1) year.

11.9 EVIDENCE OF PAYMENTS, SATISFACTION OF OBLIGATION, AND INSURANCE COVERAGE: Neither final payment nor any retainage shall become due until the Contractor submits to the Owner’s Representative (i) an affidavit that payrolls, bills for materials and equipment, and all other indebtedness in connection with the Work for which any third party claim against the Owner might be asserted have been paid or otherwise satisfied; (ii) a certificate evidencing that insurance required by the Contract Documents to remain in force following final payment is currently in effect and will not be canceled or allowed to expire until at least forty-five (45) days' prior written notice has been provided to the Owner; (iii) a written statement that the Contractor knows of no reason that the insurance will not be renewable to cover the period required by the Contract Documents; (iv) consent of the Surety to final payment; and (v) all fully executed and effectual warranties and guaranties associated with the Work, (vi) if required by the Owner, other data establishing the payment or satisfaction of obligations (such receipts, releases and waivers of liens, claims, security interests or encumbrances arising out of the Contract) and such guaranties and indemnities all in such form and detail as may be required by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner, in its sole and absolute discretion, sufficient to indemnify the Owner against any claim or lien. If any such claim or lien remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging such claim or lien, including all costs associated therewith, including reasonable attorneys' fees. Provided, however, that nothing herein shall be deemed a waiver by the Owner of its sovereign immunity from mechanic’s liens.

The Contractor shall take proper precautions to protect the finished Work from loss or damage, pending completion and Final Completion of all Work included in the Contract. Such precautions shall not relieve the Contractor from all liability and responsibility for loss or damage to the Work occurring before Final Completion by the Owner. Such loss or damage shall be at the risk of and borne by the Contractor, whether arising from acts or omissions of the Contractor or others and whether or not covered by the Contractor's builder's risk insurance. Such insurance shall cover claims for bodily injury, property damage and personal injury arising out of operations under the Contract, whether such actions are performed by the Contractor or by any Subcontractor or by anyone directly or indirectly employed by either of them. Such insurance shall include coverage for explosions, collapse and underground utilities. The Contractor shall provide a certificate of insurance that names Arlington Public Schools Arlington School Board, including elected and appointed officials, agents and employees as an additional insured. Coverage afforded under this policy shall primary to all other insurance with respect to Arlington Public Schools including its elected and appointed officials, agents and employees. If the insurance policy represented by certificate requires endorsement in order to add Arlington Public Schools, et al., as an additional insureds, then such endorsement must accompany the Certificate.

2. The Contractor shall require each of its Subcontractors to procure and maintain during the life of its subcontract, subcontractor’s Commercial General Liability Insurance in amounts satisfactory to the Contractor, naming the Owner as an additional named insured.

Such policy shall be in an amount equal to the Contract Sum.

6. Proof, to the satisfaction of the Owner, of insurance for each type of coverage listed herein shall be provided within ten (10) days of the Contractor's receipt of the Notice to Proceed, and no Work shall proceed unless all such insurance is in effect. The Contractor certifies by commencement of the Work that its insurance and that of all Subcontractors is in effect and meets the requirements set forth herein. Copies of Subcontractor insurances shall be kept on file and made available to the Owner upon request.

B. 5. Coverage of Contractor's labor, overhead and profit.
6. Coverage of materials stored or installed on the Project Site, until said materials are accepted by the Owner per Substantial Completion and Acceptance requirements. Payment by Owner for materials stored or installed on the Project Site does not eliminate Contractor's responsibility or liability with regards to theft and vandalism or other damage.

B. At the Owner’s sole discretion, Builder’s Risk insurance may be purchased by the Owner as specified above. In this event, cost for such coverage shall be deducted from the Contract Sum.

A. If a portion of the Work is covered contrary to the Owner’s Representatives' request or to the requirements contained in the Contract Documents, the Contractor shall, at its own expense and upon the written request of the Owner’s Representative, uncover and replace such Work without an adjustment to the Contract Period or Contract Sum.

B. If a portion of the Work has been covered which the Owner’s Representative and/or Arlington County Inspector has not specifically requested to observe prior to its being covered and is, under the Contract Documents, allowed to be covered without observation of the Owner’s Representative or Owner or applicable law or regulation, the Owner’s Representative and/or Arlington County Inspector may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, costs of uncovering and replacement shall, by appropriate Change Order process as outlined in Section 01 2600, be charged to the Owner. If such Work is not in accordance with the Contract Documents, the Contractor shall pay the costs of uncovering and replacing such Work.

15.2 CORRECTION OF WORK:

A. The Contractor shall promptly correct any Work which fails to conform to the requirements of the Contract Documents (the "Rejected Work"), whether observed before or after Substantial Completion and whether or not fabricated, installed or completed. The Contractor shall bear all costs associated with the correction of any Rejected Work, including additional testing and inspections and compensation for the Owner’s Representative's services and expenses made necessary thereby.

B. Nothing contained herein shall affect the Owner's right to correct non-conforming Work pursuant to the provisions of the Contract Documents.

15.3 ACCEPTANCE OF DEFECTIVE OR NON-CONFORMING WORK: The Owner reserves the right to accept any defective or non-conforming Work; provided, however, that in such event the Contract Sum shall be reduced by an appropriate and equitable amount to account for such defect or nonconformity. Such adjustment shall be effected whether or not final payment has been made. Any such acceptance shall not constitute a waiver of approval of the performance requirements of the Contract Documents.

PART 16   POWERS OF THE PURCHASING AGENT

16.1 POWERS OF THE PURCHASING AGENT: The Owner’s Purchasing Agent, in addition to those matters expressly made subject to his determination, direction or approval shall have the power:

D. To take over, use, occupy, or operate any part of the completed or partly completed Work if, before Substantial Completion or Final Completion thereof, the Purchasing Agent or his designee, the Owner’s Project Manager, shall deem it necessary.

E. The Purchasing Agent may delegate his authority/power to his designee, the Owner’s Project Manager, for those matters at Part 16.1.A through 16.1.D, but only to the extent the Contractor has been given written notice by the Purchasing Agent of such delegation.

PART 17 CONTRACTOR’S DEFAULT AND TERMINATION

17.1 OWNER’S RIGHT AND NOTICE:

A. The parties agree that:

1. If the Contractor fails to begin the Work when required to do so; or

2. If, at any time during the progress of the Work, the Owner determines that the Contractor is not prosecuting the Work with reasonable speed and diligence, or is delaying the Work unreasonably or unnecessarily; or

3. If the force of workmen or the quality or quantity of material furnished is not sufficient to ensure completion of the Work within the specified time and in accordance with the Contract Documents; or

4. If the Contractor fails to make prompt payments to suppliers or to Subcontractors for Work performed in connection with the Contract; or

5. If the Contractor fails in any manner of substance to observe the provisions of this Contract; or

6. If any of the Work, machinery, or equipment is defective and is not replaced as herein provided; then the Owner’s Representative shall certify such fact or condition to the Owner without prejudice to any other rights or remedies Owner may have hereunder, and the Owner shall have the right to declare the Contractor in default in whole or in part. In the event the Owner elects to declare the Contractor in default, the Owner shall notify the Contractor and its Sureties by written notice describing the nature of the default and providing the Contractor a right to cure such default within three (3)
calendar days after the date of the notice, or within such longer period as the Owner, in its sole and absolute discretion, may prescribe. In the event the default is not cured within the time period specified by the Owner, the Owner shall have the right to take any actions necessary to correct or complete the Work, including but not limited to those as set forth in Paragraph 17.3 hereof.

B. The parties further agree that:

1. If legal proceedings have been instituted by others than the Owner in such manner as to interfere with the progress of the Work and to potentially subject the Owner to the peril of litigation or outside claims; or

2. If the Contractor is adjudicated bankrupt or makes an assignment for the benefit of creditors; or

3. If in any proceeding instituted by or against the Contractor, an order is made or entered granting an extension of the time of payment, composition, adjustment, modification, settlement or satisfaction of its debts or liabilities; or

4. If a receiver or trustee is appointed for the Contractor or the Contractor's property; or

5. If the Contract or any part hereof is sublet without the prior written consent of the Owner; or

6. If the Contract or any rights, moneys, or claims hereunder are assigned in whole or in part by the Contractor, otherwise than as herein specified; or

7. If the Work to be done under this Contract is abandoned; then such fact or condition shall be certified by the Owner's Representative (Architect) to the Owner and thereupon, without prejudice to any other rights or remedies the Owner may have, the Owner shall have the right to terminate the Contract immediately upon written notice to the Contractor or, in the Owner’s sole discretion, exercise any other rights available to it.

17.2 CONTRACTOR'S DUTY UPON DEFAULT: Immediately, but no later than three (3) days after receipt of notice that it is in default hereunder, the Contractor shall discontinue all further operations in connection with the Work, or such specified part thereof, and shall immediately vacate the Project Site, or such specified part thereof, leaving untouched all plant, materials, equipment, tools, supplies and job site records.

17.3 COMPLETION OF WORK AFTER DEFAULT:

A. If the Contractor defaults or neglects to perform the Work in accordance with the Contract Documents and fails within a three (3) day period after receipt of written notice from the Owner to commence and continue correction of such default or neglect, the Owner may, without prejudice to the other rights the Owner may have, correct such defaults or deficiencies by such means and in such manner, by contract with or without public letting, or otherwise as it may deem advisable, utilizing for such purpose without additional cost to the Owner such of the Contractor's plant, materials, equipment, tools and supplies remaining
on the Project Site, and also such Subcontractors as it may deem advisable and may take any or all of the following actions:

1. Have the defaulted Work performed by others;

2. Supplement the Contractor's work force;

3. Withhold payments due the Contractor and use such payments to satisfy any claims for moneys owed by the Contractor in connection with the Project, in accordance with any provisions of the Contract Documents;

4. Replace or repair any defective Work;

5. Notify the Surety of such default and make demand upon the Surety as may be applicable under the circumstances of the default, but Owner shall be under no obligation to notify the Surety;

6. Terminate the Contractor’s performance of the Contract.

B. The Contractor and its Sureties shall bear all costs associated with completing or correcting the Work, including without limitation, the cost of re-letting, the amount of any liquidated damages, and any and all costs incurred in connection with the Owner’s exercise of any right upon default. Any costs incurred in connection with completing or correcting the Work shall be deducted from the amounts then or thereafter due the Contractor. In the event such amounts are not sufficient to cover the costs incurred in connection with completing or correcting the Work, the Contractor and its Surety shall pay to the Owner the amount of any deficiency.

17.4 PARTIAL DEFAULT: In the event the Owner declares the Contractor in default in accordance with the provisions of the Contract Documents with respect to a portion of the Work, the Contractor shall discontinue such portion of the Work declared in default, shall continue performing the remainder of the Work in strict conformity with the terms of the Contract and shall not hinder or interfere with any other contractor or persons whom the Owner may engage to complete the Work for which the Contractor was declared in default. The expense of such completion shall be paid by the Contractor and its Sureties as provided in the Contract Documents.

17.5 DEATH OR INCOMPETENCE OF CONTRACTOR: In the event of the death, dissolution or legal incompetence of a Contractor who shall be an individual or surviving member of a sole proprietor contracting firm, such death or adjudication of incompetence shall not terminate the Contract, but shall constitute a default hereunder to the effect provided in Paragraphs 17.1, 17.2 and 17.3 hereof, and the estate of the Contractor and his sureties, if any, shall remain liable hereunder to the same extent as though the Contractor remained living. Notice of default, as provided in Paragraph 17.1 hereof, shall not be required to be given in the event of such death or adjudication of incompetence.

17.6 OWNER'S RIGHT TO TERMINATE: Notwithstanding the rights of the Owner or defaults outlined above, the Owner shall have the right to terminate this Contract, in whole or in part, at its own convenience for any reason by giving seven (7) days prior written notice of termination to the Contractor. In such event, the Contractor shall be paid an amount equal to the lesser of: (1) the actual cost of any Work actually performed or in place and the actual cost of any labor, equipment or
materials ordered in good faith which could not be canceled, less the salvage value thereof, plus 10%; or (2) the pro rata percentage of completion based upon the approved Schedule of Values, Section 01291 of the Specifications, plus the actual cost of any labor, equipment or materials ordered in good faith which could not be canceled, less the salvage value thereof. Each subcontract shall contain a similar termination provision for the benefit of the Contractor and the Owner. The Contractor shall not be entitled to receive anticipated profits on unperformed portions of the Work. The Owner shall have the right to employ an independent accounting firm to verify any amounts claimed by the Contractor to be due under this Paragraph. The Owner shall have the right of audit (and Contractor shall have the obligations) stated in Paragraph 9.4, insofar as they pertain to amounts claimed to be due hereunder. In the event a termination by the Owner for default, in whole or in part, subsequently is determined to have been without sufficient justification, such termination shall be deemed a termination for convenience and the Contractor’s remedies shall be limited as provided in this Paragraph 17.6.

PART 18 MISCELLANEOUS SPECIAL CONDITIONS

18.1 LAYING OUT WORK: The Contractor shall, upon entering the Project Site for the purpose of commencing the Work, locate all general reference points and take all such action as is necessary to prevent their destruction; lay out the Work, except where otherwise required by Contract Documents, and be responsible for all lines, elevations, measurements of buildings, grading, paving, utilities and other Work executed under the Contract. The Contractor shall be held responsible for any damage resulting from its failure to control surface flow or to prevent the washing of such materials upon adjacent properties for a period of one year after Final Completion of the completed Work.
18.3 **PARTIAL USE OR OCCUPANCY:**

A. The Contractor shall permit the Owner to use and occupy any defined portion or unit of the Project prior to Substantial Completion of the portion of the Project of which it is a part.

B. The Owner's use and occupancy shall not constitute Substantial Completion or Final Completion of the Work and shall in no event relieve the Contractor of its obligation to maintain the insurance coverage described in Paragraph 13.1 hereof.

18.4 **RELEASE OF BONDS:** No bond required by the Contract Documents shall be deemed released without a written release from the Owner specifically granting such release.

18.5 **MATERIALS AND EQUIPMENT:** No materials or equipment containing asbestos or any other hazardous material recognized and identified by the Commonwealth of Virginia Department of Environmental Quality shall be utilized in the construction of the Project. 3. Upon receipt of a Work Order the Contractor shall promptly proceed with the change in the Work involved and within 10 days from receipt of the Work Order, unless stated otherwise in the Work Order, and advise the Owner’s Representative of the Contractor’s agreement or disagreement with the method, if any, provided in the Work Order for determining the proposed adjustment in the Contract Sum and/or Contract Period. Within 30 days after notifying the Owner’s Representative with the Contractor’s position regarding the proposed adjustment of the Contract Sum and/or Contract Period, the Contractor shall provide a PCO to the Owner’s Representative for Work required by the Work Order. The PCO shall be supported by all documentation and information required by subsection 1.3.B above.

4. Should the Contractor fail to submit the PCO within twenty-eight (28) days after the Work which is the subject thereof has been completed by the Contractor, any adjustment to the Contract Sum shall be established in one of the following methods in the sole discretion of the Owner:

5. If the Contractor disagrees with the terms of a Work Order, Unilateral Change Order, or other written directive of the Owner regarding the Contractor’s PCO, the Contractor shall continue with the disputed Work pursuant to the requirements of General Conditions, and such other provisions of the Contract Documents as may be applicable.
